#### Walk Around Tango

D = Dog

L = Left

R = Right

1 - Circle Left (10')

2 - 270 Right

3 - Stay. H Circles D. D Circles H.

4 - 180L, 180R, or Schutzhund Turn

5 - Stay. H Circles D. D Circles H.

6 - 270 Left

7 - Circle Right (10')

8 - 180L, 180R, or Schutzhund Turn

For entry, complete the 8 step pattern once.

#### NOTES:

The Circles Left/Right are 10' in diameter +/- 2' and measured by the path of either Dog or Handler. So there is wide margin of what is an appropriate circle size. The 270s are done as small circles or as pivots.

This pattern requires a significant contrast between the Circles (Stations 1 and 7) and the 270s (Stations 2 and 6).

Stations 3 and 5 may be done with a Sit, Stand, or a Down. The Stay may be done with or without a full stop by the handler. A pause is optional after circling dog or handler.
